

Annual Report (2021-22)

In the three years of its existence, Sacred Hearts has established itself as a premier institution of learning, providing quality education and I consider it my proud privileged to be associated with such a prestigious institution and present a report on the school happenings for the academic year 2021-22, but before I do that, I would like to dwell briefly on the changing times and radical changes needed in the field of education.

We are living in times where the pace of events is fast indeed. So fast, in fact today's latest becomes obsolete tomorrow. I remember one of the greatest contemporary thinker and writer says "The future Shocks". Constant changes are must. Life is a process of constant changes and all healthy communities build for the future.

In educating today's children we cannot afford to lose sight of the fact that we must teach them to grapple with the problem of their generations, their society and their words. Yesterday's solution to today's problems would not suffice. The children of today need to be readied for the global stage- a generation of young people who are thinker, inquirers, articulate and confident to take to the world stage and compete with the best brains in the world. This is exactly what we aim doing at Sacred hearts. Like all great institutions, we have our dreams, ambitions and aspirations and to convert these into tangible realities in our goal. We know that we have to work very hard for it, but Sacred Hearts is raring to go. "Ever forward and never look back" is the school spirit which we invoke to guide us throughout. The happiness at Sacred Hearts during the past and current year reflect on our this resolve.

You would recall that we got ourselves affiliated with CBSE in October, 2020 upto Senior Secondary level. We are the first and foremost school in the district to get direct affiliation upto Senior Secondary level till date.

I am happy to announce that this year; we applied for the NCC affiliation and will be starting with the same soon.

Carrier counselling sessions, self defense sessions, visit of SP city sir Madam inspector Aruna Rai for **aprajita** session added feathers into the journey this year.

Academics are the soul of a school and we have reasons to be happy. On this count too. As we were awarded with the best quality of online classes by our stakeholders. So, three cheers to the staff. Besides excelling in academics, it gives us immense satisfaction that our students have been also very active in the field of co-curricular activities, Robotics, debates, elocution competitions, dramatics, choral recitations, public speaking, talent competitions, quiz contests, art competitions have always been a part and parcel of the educational bouquet in our school

Inter house and Inter class competitions always focus on the concept of 'learning by doing'. Position holders in Bharat Ko Jano and other Olympiads (like Siksha ki aur ek Kadam) also adds to the pride of Sacred Hearts family.

During my almost three year's interaction with parents at the school, I have found you all a very enlightened group who take their parenting role very seriously. We are aware of the great trust you have reposed in us and it will be our constant endeavor to live upto your expectations of us.

Thank you very much for all understanding and support. We have been receiving from you all at the school.

Thanks

Pawandeep Kaur
