I am tremendously proud of the commitment of our stakeholders to the success of Sacred Hearts School . In the spring of 2020, our teachers were able to pivot to distance learning in just days while others were shuttered for weeks. In spite of challenges of the ongoing pandemic, thanks to vigilance and corporation of our staff and families , this year we are open and providing in-person learning to our students , so critical for our youngest learners . We are also experiencing a sustained rise in cognitive skills and reading skills despite the challenges facing all of us.

We added another milestone in our page history of being CBSE affiliated school. We open the platform for girls upto senior secondary and that too in all major streams i.e. PCM , PCB , Commerce and Humanities. As teachers are also learners . Our teachers including principal stay updating themselves by attending workshops and various training programmer to enhance their skills.

Last but not the least, we have been doing consistent efforts to amplify the spoken English by interaction sessions with students.

In COVID-19 lockdown situation , our teachers relentless work to provide online study material and telephonic doubt clearing class can't be forgotten. Parents support and cooperation has always been immense.

With this we conclude the annual report 2020-2021 of our school.

Thank you very much !!!!!
